Thank you to Angela, Sandy and all committee members for efforts this year. We started slow, had some good and bad times, but I believe overall have been able to do things pretty well. Do we make mistakes- you bet- but we do try and work around things.

Thank you for your patience with my absence whilst Ann and I try and travel around australia - hopefully we will be in WA when this is being read and not back till mid november.

I wish you all well.

Gibbo

And one from me:

I would like to thank Peter and Sandra for their help this season. I have learnt a lot about hockey in Grafton. I have also learnt what is required of me these last few months, and thank you to those who helped me along. Mary, Kerry and of course my Dad, thank you to you for keeping me calm when I was stressed. We have people who do too much work, we need more volunteers to help on our all of our committees to move forward as we all know more hands make light work.

There is much to do, and we need to keep the momentum going forward into next season. Lets all remember that we are here for the members of our hockey community.

Thank you  
Yours in hockey  
Angela Hinterholz

Its up to you if you what you do with Gibbo's I am not sure if he is back? Or where he is. He asked me to read it out if there was a meeting.
